2. Reconciliation requirements

The basis for the scope of consolidation for accounting and regulatory purposes is consistent for the Group. In order to provide a full reconciliation of all regulatory capital elements to the balance sheet in the interim condensed consolidated financial information, a three step approach has been mandated under the Pillar 3 disclosures section of the CBK Basel III framework.

Below table provides the comparison (Step1) of the balance sheet published in the interim condensed consolidated financial information and the balance sheet under the regulatory scope of consolidation. Lines have been expanded and referenced with letters (Step 2) to display the relevant items of the regulatory capital.
